

Monday, September 28, 2009

Dear Parents,

This letter is to let you know that Newark Digital Academy has been identified as in need of improvement. The students at Newark Digital Academy did not meet Ohio's goals in the following area: Reading Proficiency and Math Proficiency last year.

Your child can attend their home school in the Newark City School District (except Wilson Middle School or Newark High School) or a similar school that is NOT in need of improvement.

Our local report card can be accessed at:

<http://www.ode.state.oh.us/reportcardfiles/2008-2009/BUILD/000162.pdf>

This document shows how well Newark Digital Academy did compared with other schools.

To help our Newark Digital Academy get out of School Improvement, we have developed a plan to help our students do better in reading and math. You are invited to join us to help make this happen. Please contact John Lutz at 323- 2029 if you are interested in being part of a committee or would like information on ways you can help.
